Rep. Conley Denounces Attacks on Wisconsin Elections Officials

MADISON – Today, Rep. Sue Conley (D-Janesville) released the following statement denouncing continued Republican-sponsored attacks on Wisconsin elections official, following the release yesterday of a joint resolution calling for the criminal prosecution of elections officials:

“The continued Republican rhetoric attacking Wisconsin elections officials is not only categorically false, but dangerous,” Rep. Conley stated. “Our elections officials work hard to make sure our democracy is upheld and everyone can fairly and freely cast their votes. That Republicans have the gall to call for their criminal prosecution is horrendous.

“While some Republicans continue to pander to a subset of extremist lies, I will continue to support our democracy, not tear it down.” Rep. Conley added.
